The Ladies Aid society of the Congregational church has had the parsonage grounds leveled preparatory to planting grass and shrubs, and hope to make the place more pleasing to the eye before the winter is over.

It would be a fine scheme to take every old barometer and bury it the first of August and not dig it up until December. The owners of barometers go around all puffed up with pride, and hint darkly of cyclones to come, and scare us all half to death and we don't have breeze enough to dry the clothes on the line. They should be suppressed; barometers, weather prophets and all. It is bad enough to have a gale when it gets here, and not be multiplying gray hairs in anticipation.

WAVELAND.

The bean planters will soon begin to put in their fall crops.

The mosquitoes have been very bad this summer, but we hope the worst is over.

Mrs. H. Panter, who has been spending the summer at Richland, Fla., returned last Wednesday night.

Pensacola called a mass meeting Monday night of last week in regard to the strict quarantine measures that have been adopted. They don't like the way they are being treated.

First Aid to the Doctor.

The Doctor first, of course, in sickness or injury, but a drug store capable of supplying him with drugs, medicines and sick room goods is also a prime requisite. You never need this drug store more than when serious sickness come—the more critical the illness the greater the need. The doctor first, the prescription to us, we do the rest.

We carry a fine line of perfumes, soaps and toilet accessories also.
